- Make sure to maintain constant flow during the video preparation.
- An MP4 Landscape orientated full-screen view video is preferred.
- Please limit your video presentation to 8 minutes.

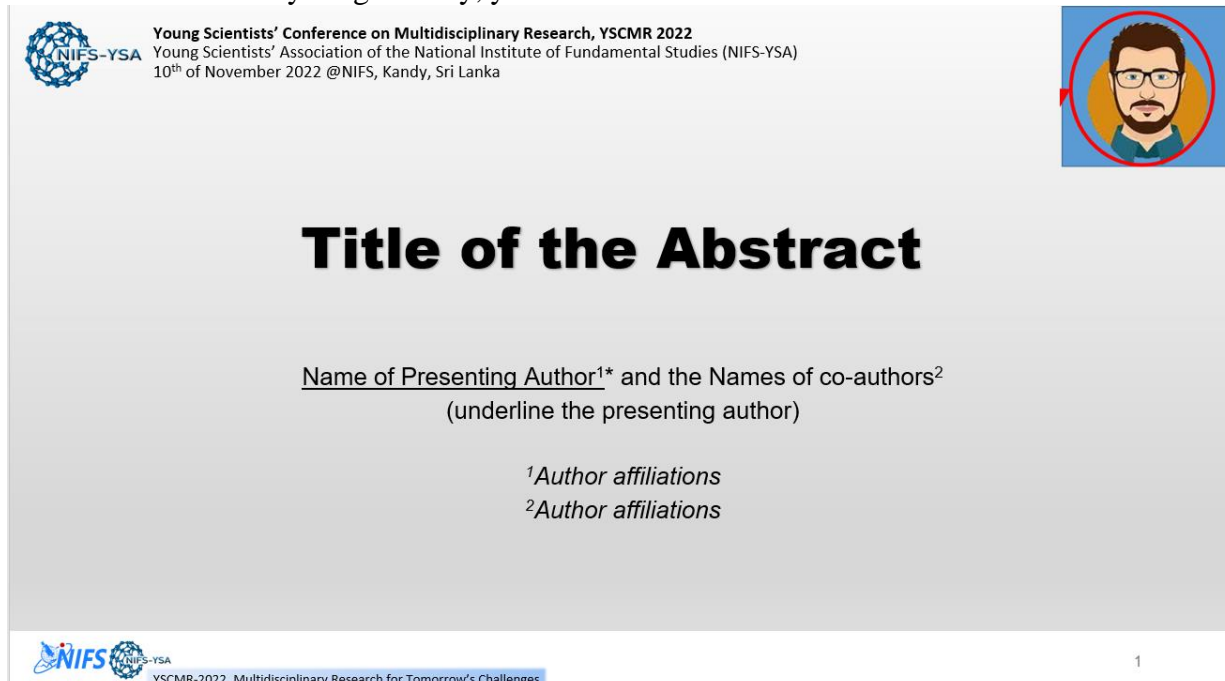

## Annex 01

### Video Recording Guidelines for Oral Presentations

1. All the oral presenters are required to send a **pre-recorded video presentation** limited to **08 minutes**. (You need to join the respective technical session on the conference day to be present at the question and discussion session).
2. Please kindly use **Zoom software** for the video recording purpose to ensure consistency of presentations. Please let us know if you are using alternative software for recording.

### Recording a Zoom-Based Presentation

1. Prepare your presentation using the PowerPoint template given on the conference web/attached herewith to this email.
2. Create a Zoom account using <https://zoom.us/>, or if you already have one, log in to your account with the Zoom app.
3. Open your presentation and go to presentation mode.
4. Go to the Zoom app and 'Start New Zoom meeting'. Then, select 'Join with computer audio', unmute your microphone and turn ON the video camera icon at the left-bottom of your screen.
5. In the Zoom toolbar, click the 'Share Screen' option and select the 'Screen' option. (You may click on your PowerPoint presentation to share your presentation).
6. You will get your PowerPoint presentation through the Zoom window; minimize other windows opened, if any.
7. Drag and drop your image onto the presentation's designated area, i.e., the right-top of the screen. When everything is ready, you should see a screen similar to the one below.

The screenshot shows a Zoom presentation slide with the following content:

- Top left: NIFS-YSA logo and text: "Young Scientists' Conference on Multidisciplinary Research, YSCMR 2022", "Young Scientists' Association of the National Institute of Fundamental Studies (NIFS-YSA)", "10<sup>th</sup> of November 2022 @NIFS, Kandy, Sri Lanka".
- Top right: A circular profile picture of a man with glasses and a beard.
- Center: Large bold text "Title of the Abstract".
- Below title: "Name of Presenting Author<sup>1\*</sup> and the Names of co-authors<sup>2</sup>" followed by "(underline the presenting author)".
- Below author names: "<sup>1</sup>Author affiliations" and "<sup>2</sup>Author affiliations".
- Bottom left: NIFS-YSA logo and text: "YSCMR-2022, Multidisciplinary Research for Tomorrow's Challenges".
- Bottom right: The number "1".

8. Next, click 'Record' in Zoom (it may be under the 'More' button). You can also start recording by pressing the Alt+R keyboard shortcut. When you click 'record, it will

begin recording; you may start to present your work. **Make sure that the video camera and the microphone are ON in the Zoom software.**

9. When the presentation is over, press the 'Stop Recording' button or the Alt+R key combination once more.
10. Go to 'More' and click 'end'. Then click on '**Leave meeting for all**'.
11. Wait for the 'Convert Meeting Record' process to complete. It will be saved on your computer, and Zoom will open the recording folder after the video has been processed.

#### **Note**

1. Select a noise-free location with plain (white) background for your video recording.
2. Play and check your video before submitting us.
3. Kindly keep general ethics while selecting your attire.

#### **Saving and submitting the presentation**

1. Go to the location of the video file. It is mandatory to save your recorded video presentation **in MP4 format**. Please rename your recording video by the abstract/paper ID number (CMT ID) before submitting (use the Paper ID number with 3digits). Eg: **OP\_CMT-001\_YSCMR2022**
2. Upload the MP4 version of your video presentation and the PDF version of your presentation slides to the [google form](#) by the **25<sup>th</sup> of October 2022**. Presentation submission will be open from 5<sup>th</sup> October 2022.
